

## FLOWERS FOR YOUR EVENT

**Bridal bouquets are available in many styles with an array of flowers and colours to choose from. The following selection may help when deciding what is right for you on your special day. If you have your own design in mind we will be happy to discuss this with you.**

### **Hand-tied Informal Bridal Bouquet**

Increasing in popularity, informal hand-ties are a favourite choice for modern weddings. The arrangement is tied by hand to give a more natural look, and is particularly suitable for seasonal flowers and foliage.

**From £60**

### **Loose Hand-tied Bridal Bouquet**

No specific or defined shape so probably the most natural looking bridal bouquet available. Usually consisting of more foliage than a formal bridal bouquet.

**From £55**

### **The Nosegay / Formal Round Shaped Bridal Bouquet**

A compact round design using either one variety or a mix of tightly packed flowers. This is a popular choice for brides who want to create the style of a traditional wedding day.

**From £60**

### **Posy**

Round in shape like the formal bridal bouquet but less flowers and often more greenery.

**From £45**

### **The Biedermeier Bouquet**

Similar to the Nosegay, the Biedermeier is a tightly wrapped bridal bouquet, arranged in a circular pattern with different coloured flowers. Typically each ring is made up of one distinct flower type, creating dramatic visual impact, which has proved popular with brides who want to really make a statement on their big day.

**From £60**

### **Shower / Cascading Bridal Bouquet**

This spill of flowers arranged to cascade from the bride's hands is a classic traditional style bouquet. Flowers with longer stems create the lower part of the bouquet creating a beautiful cascade effect.

**From £85**

### **Teardrop Bridal Bouquet**

Not dissimilar to the shower/cascade bridal bouquet, the teardrop bouquet is a more robust arrangement of flowers with a rounded top and pointed at the bottom. This can be backed with large foliage such as aspidistra or hosta leaves.

**From £75**

### **Cascading Garden Bridal Bouquet**

A cascade of garden flowers. A mix between the Cascading Bouquet and the Bridal Hand-tie, these informal bridal bouquets give a country garden look. They usually consist of a mix of garden flowers and foliage with no particular form.

**From £75**

### **Over-arm / Presentation Bridal Bouquet**

A natural tied bouquet of long stemmed flowers such as calla lilies, orchids or long-stemmed roses for cradling in the arm. A popular chic choice for the modern bride.

**From £38**

### **Pomander**

A ball-shaped arrangement of flowers carried by an attached ribbon. Decorative ribbons, pearls or beads may also be added.

**From £60**

## Bridesmaid Flowers / Children's Flowers

The wedding flowers for the bridesmaid(s) will usually reflect those of the bride with posies, hair flowers or flower baskets. Pageboys don't have to miss out on the fun of wedding flowers, consider mini corsage arrangements of smaller flowers or simple buttonholes for young pageboys.

### Bridesmaid Bouquet / Posy

The perfect option if you wish your bridesmaids to carry a compact version of the bridal bouquet. Mix or match flowers and foliage for your bridesmaid bouquets or even add detail such as different coloured beading or ribbon

**From £40**

### Informal Bridesmaid Bouquet

Often designed to contrast in colour or style, an informal bridesmaid bouquet is usually a less complicated version of the bridal bouquet. You can also try experimenting with different colours or styles into the wedding flowers scheme.

**From £38**

### Mini Corsage / Boutonniere

A fancier version of a buttonhole, the boutonniere is arranged from a small bunch of flowers to match the bridal bouquet.

**From £10 each**

### Wrist Corsages

Children can easily become bored at traditional wedding ceremonies and sometimes the last thing a younger bridesmaid will want to do is carry a bouquet all day. Wrist corsages make a simple solution to dog-eared children's flowers by the time the photographs are taken!

**From £15**

### Flower Wands

Often used for flower girls as they are lightweight and less cumbersome than a bouquet, using a single flower stem, decorated to match or compliment the wedding flower theme. Gems, feathers, butterflies or ribbon may be added for that 'little princess' look.

**From £15**

### Wedding Hair Flowers

Flowers may be individually clipped into the hair or mounted on a comb. For young bridesmaids: a circlet that goes all around the head and sits on the crown, or an Alice band where flowers are wired into a frame are very popular.

**From £3 for single clips (Alice band displayed £20)**

**Loose wired flowers individually priced**

### Flower baskets

Used for flower girls and may be filled with fresh rose petals for scattering. The baskets are decorated with small flowers and foliage to match or compliment the wedding flower theme.

A firm favourite for your wedding guests. A single flower with or without a touch of foliage.

**Carnation £3; Rose £4 (other flowers available on request)**
